

**Children Sick Policy**

Any child with a fever or intestinal upset should not come to church within 24 hours of the upset. Children on antibiotics should return to church only after a full 24 hours of treatment. Any child attending church must be well enough to participate in our regular program, including outdoor play.

**Discipline Policy**

The discipline policy of Orange Church is designed to promote positive behavior management. Teachers reinforce acceptable behavior by praising the child for what he is doing. Positive reinforcement encourages good behavior and makes the child feel good about him or herself.

For the child who exhibits unacceptable behavior, the teacher may remove that child from the situation to help calm and refocus, and then the child may rejoin the group.
